Designing Your World Art Project Rubric

Name:_____

Creating: Conceiving and developing new artistic ideas and work.
VA:Cr2.3.6a Design or redesign objects, places, or systems that meet the identified needs of diverse users.

4 Advanced	3 Proficient	2 Basic	1 Reassess
• Students **designed or redesigned** objects, places, or systems • Students went through **SEVERAL Prototypes** trying to design the best thing possible. • The design or redesign **exceeds the user's needs**- they have identified needs of diverse users.	• Students **designed or redesigned** objects, places, or systems • The design or redesign **meets the user's needs**- they have identified needs of diverse users.	• **Somewhat designed or redesigned** objects, places, or systems • The design or redesign **somewhat meets the user's needs**- they have identified needs of diverse users.	• No design or redesign was explored • No needs of the users were met

Identifiers for Proficiency:
- I can design or redesign objects.
- I can think about other people and the needs they might have.
- I can struggle through my ideas to try to build several versions of a prototype, even though it may be hard..

Why did you give yourself the score that you did?
